Other Information

We like to start walking at 10am, so please arrive by 9.55am.

I have tried to code the walks to indicate the degree of difficulty, but if you find the pace is too hard for you, please let someone know. The group should drop back so everyone can enjoy the walk. That said, please make some effort to try and keep with the others, as it is a nightmare for leaders if people don't stick together, especially if the walk involves changes in direction. If you decide you want to stop or leave the group to do something different, please tell the leader to save us searching for you. We don't want to be leaving behind people who might have been injured or become unwell.

Please take good note of the meeting place well in advance. If in doubt, phone the leader for clarification. Also phone the walk leader if in doubt about weather conditions. If I get enough advance warning I will try and get out an email message for weather cancellation. Walks average 2-3 hours, followed by an optional café visit for a coffee.

Stout footwear is recommended, especially in winter, and suitable clothing, (raincoat, sun hat, warm layers, sunscreen). A water bottle is essential, and snacks or scroggin in case we take longer than expected.

If you would like to be added to the Lambda Latte Walkers mailing list for walk reminders, please contact Tim on tim11@slingshot.co.nz or Ph 03 3322 844.

Please do not rely on email reminders for your walk programme. Tim provides this as a favour, but sometimes may not be available/unable to do this. Refer to the website, or print your own copy of the programme.

The website for both the Lambda Trampers and the Lambda Latte Walkers can be found at: www.lambdatrampers.webs.com
